CORPORATE PARTNERSHIP OPPORTUNITIES

Amazing Support for People with Disabilities
Opportunity Enterprises works to maximize self-sufficiency and enrich the quality of life for individuals with disabilities.

For over 50 years, Opportunity Enterprises has been serving people with disabilities across Northwest Indiana. We are committed to seeing each one reach their full potential through educational, vocational, residential, and enrichment programs designed around each client’s unique needs and goals.

**DAY PROGRAMS:** Five different curriculum-based programs provide groups of 4-10 people a variety of educational modules including art, music, technology, cooking, science, reading, listening, sensory stimulation, exercise, and socialization. There are also opportunities for participation in community learning and events.

**RESIDENTIAL PROGRAMS:** Seven group homes provide an opportunity for independence with shared living and 20 supported living sites provide care based on individual needs from 4-24 hours per day.

**RESPITE CARE:** Providing a break for caregivers while offering social and self-directed activities for adults and children with disabilities in Porter and Lake County. Participants can select from a wide variety of fun and educational activities for as little as four hours and up to two weeks at a time.

**TRANSPORTATION:** A fleet of 18 busses and vans provide on-demand wheelchair-accessible transportation to clients and the community for work, medical appointments, and social activities.

**COMMUNITY EMPLOYMENT:** The JobSource division provides job coaching and placement services to connect clients with employment opportunities at community businesses. JobSource also provides programs to support individuals with their transition from school to work.

**SOCIAL ENTERPRISES:** Multiple divisions that provide both meaningful work for clients, as well as needed services for businesses in the community.
